RE DIES AT LIBBY, MONTANA.

News has been received here of the death at Libby, Montana, of a former well-known Paducah citizen, Mr. John Johns. Mr. Johns was a prominent capitalist of this city at the time and owned the first street cars ever in Paducah. He married Miss Fannie Jones, a daughter of Mr. A. S. Johns, one of Paducah's wealthy pioneer citizens, who constructed the first gravel streets in Paducah. Mr. and Mrs. Johns were prominent members of the Broadway Methodist church in Paducah, and had many friends here. Mr. Johns survives her husband. She has one sister here, Mrs. J. V. Grier, 531 Jackson street. The Western News, Libby, Mont., says the following tribute to Mr. Johns:

"John Johns, aged 72, and one of the old-timers of Libby, passed away last Friday morning at 7 o'clock. For several weeks prior to his death Mr. Johns had been suffering from a long affliction and this, together with complications incident to his years, was the reason for his death. The funeral was held in Libby on Sunday and he was interred in the Libby cemetery, services being held at the family residence, Rev. A. D. Webb and Rev. Rodman officiated.

"In the death of Mr. Johns the community of Libby has lost one of its most sterling citizens. One of the old-timers of the camp, he was wrapped up in the development of this part of the state and at all times had an abiding faith in the future of the Libby country. For many years he devoted his energies to the exploitation of mining properties in which he was interested and had succeeded in bringing to a successful fruition a splendid property and was about to enjoy the fruits of a well-earned victory when he was taken away.

"Through all of the years he has lived in Libby he has had the respect of those who knew him. His splendid and manly qualities were ever in evidence and to his friends and acquaintances he was known as a high-minded gentleman and a man of sterling character in every way. His word was his bond, and during many of the trying times in the earlier part of the history of the camp, when at times it was not such smooth sailing for those who were holding the fort in this frontier place, there was abundant opportunity for exercise of those qualities which distinguish a man from his fellow men.

"A good friend and a good neighbor and a splendid citizen, the death of Mr. Johns is a community affliction. His counsels were always for the common good. Unselfish and patriotic and devoted to a marked degree to the upbuilding of the community which he called home, his death comes in the nature of a personal loss to all. Peace to his ashes and may his future in some measure compensate for the trials and struggles of a long life.

"Mr. Johns was a native of Kentucky. He and his wife, there are no near kin folk who survive. He was a member of the Masonic fraternity. He carried no life insurance. He leaves valuable mining properties to his widow and also town property in Libby. To his wife who survives him there goes the sympathy of the people of Libby in unstinted measure."

News From The Front

Port Union, May 31.—Messages from Unionfield today say Madril's force was again repulsed with heavy losses. At least 100 men were killed in the fighting. Spies say Madril's army is in such condition that Estrada is about to take the offensive. Fever has broken out in Madril's ranks.

Eloped to Paducah.

Miss Marcella Burgess, daughter of Mrs. Mary Burgess, of Kansas, Graves county, and Thurman Pierce, son of William Pierce, of Hickory Grove, Graves county, eloped to Paducah last night, where they remained as guests of G. C. Ingram, of 320 Monroe street, and went to Metropolis, Ill., this morning on the Dick Power and were married by Magistrate Liggitt. The bride is 17 years old. Only her sister knew of her intention. Both are members of well esteemed families.

England's Rule in Egypt Weak, Says Roosevelt in Startling Speech Before Large Assembly in London Guild

His Views Coincide With Op-
position to Government,
But Are Not Enthusiastical-
ly Received by Audience.

London, May 31.—In Guild hall, headquarters of London's civic authorities, Roosevelt, in response to a speech, making him an honorary freeman of the city, assailed England's administration of Egypt, declaring England should rule with a stronger hand or get out.

The boldness of his statement astonished the distinguished audience. It will undoubtedly stir up a big row. His views coincide with the government opposition, but it is probable that even the opposition will object to such a caustic criticism coming from an outsider. Although he was frequently applauded during his speech, there was no real enthusiasm and his audience was perplexed by the unexpected situation developed.

Roosevelt spoke with telling emphasis, furnishing London with a striking example of his style of oratory. His speech is bound to arouse the Nationalists of Egypt, putting one of the most serious phases on the case. It amounts to a denunciation of the existing government, which is responsible for Sir Francis Gore's administration of Egyptian affairs. In the light of Roosevelt's recent speech at Cairo, when he assailed the Nationalist movement, England had hoped that if Roosevelt touched on Egyptian affairs, it would be laudatory, and was little prepared for being charged with responsibility for the crisis which now confronts her in Egypt.

After thanking the city chamberlain, Sir Joseph Dimsdale, who in the corporation's name offered Roosevelt the "right hand of fellowship" and presented to him a gold box containing an embossed certificate of "freedom," lauded British work in Africa, except Egypt, and said "In Egypt you are guardians of your own interests, and the interests of civilization. The present condition in Egyptian affairs menaces your empire. If you feel you ought not to be in Egypt, and have no desire to keep order there, by all means get out. If you feel it your duty to stay there, show yourselves ready to meet the responsibility of the position."

In lauding the British work in Central Africa, Roosevelt said: "I have recently spent nearly a year under four British-African protectors. Your men in Africa are doing great work for the British empire and nation. The nations who are conquering the savage lands, should work together. Manhood is benefited from England's work in the interests of civilization. I am especially appreciative of today's honor, because it is a sign of good will, tending to knit all speakers of the English language."

Today's honoring of Roosevelt was "in recognition of the distinguished manner in which he filled the office of president, and the eminent services he rendered civilization by maintaining amicable relations with foreign nations."

Despite the rains, crowds lined the route to Guild hall, and cheered Roosevelt. The Roosevelts were guests of the Lord Mayor of London at luncheon.

The speech created a sensation over the city today, so much that several newspapers broke their custom of waiting a day before making comment.

Roosevelt and Root.

London, May 31.—Ex-President Roosevelt had an opportunity to hear something of affairs in the United States. His appointment he met Senator Elbin Root, who is passing through London on his way to The Hague. REWARD FOR VANDALS.

For the arrest and conviction
of the person guilty of destroy-
ing the young trees on the
grass plot at Tenth street and
Broadway, the board of park
commissioners will pay a re-
ward of \$10. Young ash trees
are growing on the grass plot
and in the grass plots on the
sidewalks. Several nights ago
some unknown person took a
knife and destroyed two trees.
The commissioners are anxious
to punish the guilty person,
and offer a reward of \$10 for
each tree.

Miss Georgia McGregory Wins Suit Against Mr. J. D. McElya.

Prominent West McCracken
People in Court.

On account of alleged slander
against her used in an effort to de-
fect her as a county school teacher,
Miss Georgia McGregory secured a
verdict of \$2,000 damages this morn-
ing against J. D. McElya, one of the
most prominent and wealthiest citi-
zens in the western part of the coun-
ty.

Miss McGregory, who is a pretty
young school teacher, for two years
has taught the High Point county
school which is located near Maxon
Mills. She alleged that at the last
election of school teachers Mr. Mc-
Elya circulated stories from house
to house attacking her reputation. She
introduced witnesses who stated that
McElya had told them that she was
not a proper person to teach the
school. Mr. McElya denied that he
told stories, reflecting upon her re-
putation. He said that any remarks
which might be construed in that
manner were made jokingly, and he
did not mean it. The evidence and
the arguments in the suit were com-
pleted yesterday afternoon and given
to the jury. This morning the jury
went to its room and in about an
hour returned the verdict for \$2,000
damages. Miss McGregory sued for
\$10,000 damages.

Suit Transferred.

The suit of S. T. Randle vs. Mrs.
L. M. Bloomfield was transferred to
the equity docket this morning upon
motion of the attorneys for the de-
fendant. The suit was set for trial
this afternoon before a jury. Mr.
Randle filed suit against Mrs. Bloom-
field for \$2,500 claimed as a com-
pensation for selling her farm to the
Country club. He alleges that the
sale was made, but she refused to
sign the deed. The property he
claims was sold for \$12,500 and he
is seeking his fee of \$2,500.

For the killing of a mule, George
W. Ayres secured a verdict for \$200
this morning. Ayres alleged the
mule was killed as the result of
carelessness.

A. L. Thompson was awarded
\$150 damages as a result of a grass
fire which was started by sparks
from an engine of the Illinois Cen-
tral railroad.

Orders.

Orders made were: Burton-Peel
Dry Goods company vs. D. N. Bill-
ingsley; master commissioner filed
his report of receipt and disburse-
ments.

NEGRO EXCURSIONIST SHOT WHILE ON TRAIN

Reports are that the colored ex-
cursionists from Jackson, Tenn., last
night had war on the train on the
return trip. Between Paducah and
Mayfield George Lloyd, colored, was
shot three times, and nearly died to
death before medical aid was secur-
ed. He was shot in the mouth, over
the eye and in the arm. At May-
field he was taken to his home, and
it is said will recover. When the
excursionists left they had a whole-
sale supply of booze, and besides the
shooting several fights are said to
have taken place.

Wife of School Janitor is Held as Accessory to Murder of Kellner Child in Louisville in November

Police Believe Wendling is in
New Orleans or Has Return-
ed to France—History of
Mysterious Case.

Louisville, Ky., May 31. (Special.)
—Frank Pehr this morning offered
a reward of \$1,000 for the arrest and
conviction of the murderer of Alma
Kellner. Mrs. Wendling, wife of the
missing janitor, Joe Wendling, of St.
John's school, was presented in police
court this morning on the charge of
being accessory to the murder of the
Kellner girl. The case is continued
in the hope of getting her to tell
something of her husband.

Search for Wendling will extend
not only to all parts of this country
but to France, where Wendling is
wanted for deserting from the army.
Wendling was fined \$5 some time
ago on a charge of detaining a
young girl. Under orders of the de-
fective department the cellar at the
school was dug up and pieces of
cloth, supposed to be underclothing
of the child were found. Dr. Tuby,
a dentist, identified a tooth found at
that of Alma Kellner, which he filled
eight months ago.

Where is Wendling?
The police are still looking for
Joseph Wendling, former janitor at
St. John's church, who, since Janu-
ary 14, a little more than a month
after the disappearance of the Kel-
ner girl, has been missing. Mrs.
Lena Wendling, wife of the missing
man and housekeeper for Father
Sehman, pastor of St. John's
church, is under surveillance.

In a sworn statement made be-
fore Captain Conroy, chief of de-
tectives, Mrs. Wendling admitted
washing muddy clothes of her hus-
band shortly after the disappear-
ance of the little Kellner girl. The
detectives have these clothes—trous-
ers, shirt and hat—and declare there
are still blood-stains on them.

A little more than a year ago, ac-
cording to police records, Wendling
was arrested and fined because of
improper conduct with a young girl
whom he accosted on the street.

Neither Mr. or Mrs. Kellner, par-
ents of Alma, have seen the bones
of the child's body. Both are pro-
trated, Mr. Pehr, the uncle, is pos-
sitive of his identification through
the comparison of a shoe found near
the body with one worn by Alma.

READY TO WEAR BRIDGES OFFERED TO THE COUNTY

ready-made bridges from the Vin-
cennes bridge company for the
purpose of spanning a number of
streams where wooden bridges now
cross. While in the city yesterday
Mr. J. T. Oliphant, president of the
company, stated to the magistrates
that the rough bridges could be
shipped here and erected cheaper
than small concrete bridges could
be constructed over the small
streams. He offered to sell bridges
30 feet long for \$150. The proposi-
tion will be discussed at the June
meeting of fiscal court next Tues-
day.

Hickman Gets the Road.

Hickman, Ky., May 31.—The com-
mittee in charge of raising the \$20-
000 and securing the right-of-way
for the Chicago, Memphis and Gulf
railroad, which is building out of
Tiptonville, Tenn., toward Hickman,
has given out the announcement that
the new proposed railroad is now a
certainty. Most all the money has
been subscribed, and the rest is all in
sight, and a large part of the right
of way has been given, which means
that the committee will experience
very little trouble in finishing their
work. This company is now build-
ing a part of the road, from Tipton-
ville to the Fulton county line a dis-
tance of ten miles, which is half way
to Hickman, and now that the road
is assured, the trains will be coming
to Hickman by fall.

This road will traverse one of the
best farming sections in the Missis-
sippi valley. Every inch of land that
it passes over is of the very richest
soil. Since the government levee has
been built this land is being
opened up and put in cultivation very
fast—about half of it now being in
cultivation. The value of this road
to this farming section and to the
city of Hickman is inestimable.

President Latta, of this road, will
be here this week to make the final
arrangements with the Hickman peo-
ple relative to a consummation of the
proposition. The opposition is that
later on the road will be extended to
the Ohio river at Paducah.

PRESIDENT ORDERS SUIT VS RAILROADS

SENATE TAKES ACTION.

Washington, May 31.—Complaint
of western shippers to Attorney Gen-
eral Wickersham and the demand
that the department of justice take
action to check the proposed increase
in freight rates by railroads, was laid
before President Taft today. Ship-
pers allege a conspiracy.

President Taft it is reported this
afternoon instructed Wickersham to
bring suit against 25 western rail-
roads today to restrain their put-
ting into effect the increased rates
tomorrow. He starts the proceed-
ings at Chicago.

Power of the interstate commerce
commission to enforce the railway
rates of their own making is af-
firmed by Justice McKenna, of the
supreme court, in a strong opinion.
The action of the commission re-
ducing the freight rates on the
Rock Island and other roads in the
Missouri river territory was legal,
according to the opinion of the
supreme court.

La Follette introduced a resolu-
tion in the senate calling on Wicker-
sham to bring suit against the rail-
roads, saying the increases are un-
lawful.

One high official of the department
of justice declared today that "the
faculty of railroads attempting to
get temporary advantage of shippers
is surprising, and of a character to
invite more drastic legislation that
would be favored by those looking
to conservative protection of the busi-
ness interests of the country."

It is expected that action will be
started by Assistant Attorney Gen-
eral Kenyon, in Chicago, this after-
noon, in response to demands of the
committee of the western shippers.

Train Speeding.

President Taft hung up a new
record at the white house today for
railroad speed. Returning from
New York he rode at the rate of
nearly 70 miles an hour. His spe-
cial from Baltimore to Washington
made 40 miles in 36 minutes. He
thanked Engineer Charles Calanan.

The Alaskan Probe.

The secret investigation of the
charges that the Morgan-Guggen-
heim influence brought about the
disposal of District Attorney Boyce
and Marshal Sutherland, of Alaska,
was resumed by the senate judi-
ciary sub-committee today. Although
the proceedings are carefully guarded,
information leaked out, indicating
that the lid on Alaska won't be
raised much unless by special com-
mittee.

Silencers.

The silencer created by Maxin's murderous rifle-silencer—which is really a muffler, not a silencer—has brought other inventors into the field. A Moore silencer is chronicled that is said to have many advantages over that of Maxin, not

the least of which is its relative cheapness. The Ordnance department of the army is now giving it a test. With a considerable crop of "silencers" it is probable that a really effective eliminator of the report of a rifle will eventually be evolved. The next war is thus likely to be fought in a deadly silence, far more terrifying than the roaring of the un-muzzled gunpowder of historic battlefields.—New York Press.

Knowledge.

When "Josh Billings" said, "It's better not to know so many things than to know so many things that ain't so," he crystallized one of the greatest truths of all philosophy. I wish that he could be called back to squeeze into another sharp-pointed little bar for the memory the fact that it is less important to know things than to know how to learn things. Knowledge ought not to be thought of as building a prison about the mind, but as tearing down old walls and letting the sunlight in to dark places. Where They Play Today and Tomorrow.

Paducah at Vincennes, Hopkinsville at Clarksville.

With both teams playing good ball, Hopkinsville and Paducah split even yesterday afternoon at League park. The first game was captured by the Indians by a score of 1 to 0, while the second game went to the Night Riders 6 to 1. A large crowd was out for the double-header, and they were tickled with the playing of both teams.

It was the first game that pleased the crowd. Scheduled to go seven innings the contest went to the ninth inning. With both teams blanked, Tidwell drove out a three-base drive, Lockhart, the star of the day, followed with another single good for three sacks and Tidwell scored, winning the game.

The second game was not spectacular, and not interesting for the Paducah fans. Keeley, a southpaw, started the game for Paducah, but he was nervous and lacked control. In the third inning Hopkinton scored five runs and Lockhart trotted into the box. The youngster stopped the scoring, but it was too late to turn the tide, as the teams had agreed to quit playing at 5 o'clock to catch a train.

It was a pitcher's battle between Dowd and Harris in the first game. Harris worked in splendid style, and during the game secured 16 strikeouts. His underhand ball was striking to perfection, and the Hopkinton batters came near breaking their backs striking at it. Dowd, for Hopkinsville, also pitched some tail ball. He only struck out one, but he kept the hits scattered. Harris allowed only one hit.

George Block, a local player graduated from the town lot, caught his first game in the Kitty league. He was steady and allowed only one stolen base, while he swiped one himself.

INDIGESTION GOES.

W. J. Gilbert Sells Best Prescription on Earth on the Money Back Plan.

Almost everybody knows that sick headache, nervousness and dizziness, are caused by a disordered stomach. Upset stomach and indigestion happen just because the food you eat does not digest—but lies in the stomach and ferments or turns sour.

You can stop fermentation and stomach distress in five minutes by using M-I-O-N-A stomach tablets, a prescription that has done more to cure indigestion and put the stomach in fine condition than all the specialists on earth.

A large 50 cent box of M-I-O-N-A stomach tablets is all you need to get quick and lasting relief.

Mrs. Attie Eison, of 92 Dun Road, Battle Creek, Mich., used M-I-O-N-A and within two months was in as good health as ever, and has a good, strong stomach and eats anything she likes, she attributes her present good health to the use of M-I-O-N-A.

If you have heartburn, belching of gas, heaviness or any stomach trouble no matter how chronic, try M-I-O-N-A stomach tablets on money back plan. Sold by druggists everywhere and by W. J. Gilbert, who guarantees them.

Second Game.

All chances of Paducah winning the second game were exploded in the third inning when the Night Riders piled up five scores. Keeley started the game for Paducah, while Bishop was on the mound for Hopkinton. Paducah was crippled after the start of the game and nothing better than an even break could be expected. In the third inning Keeley left the box and Lockhart started pitching while Crane went to center field. In the third inning Tidwell got on base, and in stealing second base collided with Anderson and was knocked out. It was nearly an hour before Tidwell rallied completely.

In the second inning Hopkinton scored the first run, and five more added in the third. Paducah scored once, but was never able to overcome the lead. After the third inning Lockhart and Bishop had a duel in the box. The two pitchers should meet again to settle the supremacy.

Daily Thought.

Set not thyself to attain much rest but much patience.—Thomas A. Kempis.

The esteemed editor of the Calvert City Times has increased his subscription to the church and deposes in a long editorial the small salaries paid pastors.

The question, "What to do when you fall into the water fully dressed?" has provoked considerable discussion. Our suggestion is, get out.—Kentucky State Journal.

Of the dress, or the water?

Gifford Pinchot is back and declines to discuss "his discussion of the Ballinger affair with Mr. Roosevelt." That the discussion took place is only an assumption. If Theodore Roosevelt confided his plans and opinions to all the rough riders and former employees, who have traveled to Europe to see him, he is more lucky than discreet that something concerning them has not leaked out.

BRYAN AND HARMON.

Mr. Bryan in The Commoner criticizes Governor Harmon, of Ohio, because he did not insist on a call providing for the popular nomination of a Democratic candidate for United States senator, to which Mr. Harmon, with much delicacy and no little irony, replies that "Mr. Bryan's long absence from Ohio, perhaps, disqualifies him for speaking with authority on the subject." There are other points of divergence between Messrs. Bryan and Harmon that will develop later. If Mr. Harmon and the state of Ohio are so fortunate as to secure the re-election of Mr. Harmon.

Governor Harmon is of the old school of Cleveland Democracy, a prominent railroad attorney and manager, and a man, who would appeal strongly to the business interests of the country, as well as to that reactionary element now to be found in both parties. He is in no sense representative, except in so far as personal integrity and patriotism are concerned, of Bryanism. The latter is a theorist and idealist, a preacher of great principles, a man of uncommon influence for good on his times, and a factor in the ethical movement of the day, who probably will not be given due recognition by future investigators. Mr. Bryan's following is unique in this day, when the printed word is more potent than the spoken. He is the great Chautauquan, and he inspires men to better impulses, while he fails to convince them of the practicability of his views. He has succeeded in holding his own party back from the reactionary influences, while Roosevelt, whose personal following has been acquired through his ability as a writer, and not as a speaker, has forced the majority party into the forward movement. The result has been the initiating of policies and legislation that ten years ago would have been considered radical, but today do not half satisfy the demand of the public for a change.

Mr. Bryan, who opposed Governor Hughes' elevation to the supreme bench, may be expected to oppose Governor Harmon for the Democratic nomination for president. Mr.

STATE AUTOMOBILE LICENSE

Copies of the state automobile laws, which will become effective June 13, have been received in Paducah. The laws were passed at the last session of the general assembly, and requires that the owner of every automobile shall register his machine with the secretary of state. The law prescribes that the owner of each machine shall file a brief description of the auto and pay

a fee of \$5 for machines under 25 horse power; \$10 for machines over 25 horse power, and \$20 for cars over 50 horse power. Each machine must display a number distributed by the state on the front and back of the car. Between sunrise and sunset lamps must be burned, and the number must be painted on the lamps so that the car may be identified at night.

Bryan has all the suspicions of a plainsman regarding associations. Mr. Hughes vetoed a two cent rate bill, and no amount of explanation could serve to convince Mr. Bryan that Hughes does not down deep in his heart sympathize with the big interests. He wants men of the people. Things are either wholly bad or wholly good to Mr. Bryan; he is the crusader, not the sympathetic observer; a lover of truth and beauty, a poor judge of men and an impracticable idealist.

Cold, hard common sense, coupled with integrity and a lack of personal magnetism make up the sum of Governor Harmon's political assets; but if he ever has been affected by the new ethical movement, which exalts man above property, it has not become an obsession with him. Governor Harmon has nothing either socialistic or sociable about him. He was elected in Ohio principally by Republicans, who were determined to show certain people what they thought of the way things were being run, and if he is elected again, it will be because those certain people have not yet been sufficiently shown, and because Harmon made good in his pre-election statements that he intended sending some Ohio politicians to the penitentiary.

If the national Democratic party expects to find in Harmon a popular idol, who will sway men out of their senses by the sound of his voice, they imagine a vain thing. His speeches are the dearest efforts mortal man ever listened to. Yet, he and the silver-tongued Bryan stumped the state together in 1908, and he carried the state by 20,000 and Bryan lost it by 70,000.

Much has been said about the possibility of Roosevelt leading a third party out of the west, but there is a greater possibility of Bryan taking the insurgent leadership; for Roosevelt is restrained by honors he has been accorded, and with Taft as candidate for re-election on his record of railroad and corporation legislation, and the progressive element of the Republican party under the leadership of Roosevelt in control of congress, the Democratic party may be expected, as it did in 1904 when Parker ran, to nominate some man, pleasing to the great financial interests.

In this respect no one would prove more suitable than Harmon, should he be re-elected governor, and his strength down east would be supplemented with political prestige in the middle states. Then might Mr. Bryan raise the standard of revolt in the west, where certain ambitious but undisciplined Republican insurgents, smarting under a sense of thwarted hopes, could be induced to join him in the organization of a third party.

EYES THAT SEE.

It is gratifying to the citizen, who takes an interest in other citizens, to observe the inclination of high school boys, who are not occupied with special duties on Saturdays, to spend the day in the open country; but lest, perchance, they may be missing some profitable experiences, we wish to advise them that greater accomplishments have been recorded of men, who use their eyes, than of those, who merely use their legs, and the open country affords the greatest opportunities for the use of both.

Weston walked from coast to coast, and in walking he passed through great mountain ranges and great plains, embracing altitudes that contained thousands of varieties of flora and fauna. The fact that he just walked is only an evidence that in isolated instances the product of a civilized age can perform creditably in a feat for which savage man was more noted; but it is what he observes and understands that benefits a Weston and his world, and if he learned nothing about birds or beasts or fish or vegetation on his journey, he traveled only as a horse travels, but not so well.

Botany, biology, ornithology, and entomology—these and allied sciences, can be studied profitably only by observations in nature, and the pedestrian, who goes forth armed with camera, microscope and field glasses, has a wonder world around him from the moment he steps outdoors. How many of the boys ever laid on their backs in the woods and watched through field glasses a bird attending to her domestic duties overhead, or investigated the economic and social life of bee or ant? How many can walk through the woods and recognize as many friends and acquaintances among the trees and moss and vines and flowers, as they would walking down Broadway?

Walks, long walks, are wholly good. There are too few people nowadays, who use their legs enough; but there are fewer still who use their eyes and ears enough.

No. The milky way was not caused by the cow jumping over the moon.

Some Stories Around the Town.

In a large touring car, Mayor E. J. Malone, of Sikeston, Mo., arrived in Paducah today at noon en route from his home to Pulaski, Tenn. Without a mishap Mayor Malone and the other eight members of his party reached the city for dinner. They were delighted with their trip and the excellent condition of the Kentucky roads, which had enabled them to make better time than they had anticipated. The party left Sikeston this morning at 6 o'clock and reached Paducah at 12:15 o'clock, covering 70 miles. This afternoon the tourists spent several hours spinning over Paducah's level streets, and the county roads before leaving for Nashville. No effort is being made to break records, but the party is making the trip leisurely and seeing all the sights. The trip is being made in a Packard machine.

INCREASED SAFETY OF TRAVEL.

Pennsylvania Killed One Passenger in Two Years, Long Island None.

New York, May 31.—According to the figures just compiled by the Pennsylvania railroad of the 299,762,658 passengers carried on its 24,000 miles of track in 1908 and 1909 only one was killed as a result of a train wreck. This passenger was killed in 1909, in which year 158,067,115 passengers were carried, or 11/55 per cent more than in 1908.

The same figures show that in the two years a total of 370 passengers were injured in train wrecks of all kinds. In 1909 there were two less passenger collisions than in 1908 and the number of freight derailments was smaller by 59.

One of the subsidiaries, the Cumberland Valley, carried in the two years past 3,395,266 passengers without having one killed or injured in any way, and in the two years one employee was slightly injured.

The Long Island carried 50,709,597 passengers in the two years without having either a passenger or employee killed on its lines.

FUGITIVE RICHTER CAUGHT.

Man Who Stabbed His Wife in Brooklyn Caught in Jersey City.

New York, May 31.—A Police-man Tom Barry was studying weather signs through a front window of the Sixth precinct station in Central avenue, Jersey City, yesterday morning, he exclaimed:

"There goes a man who answers the description read over the desk of Albert Richter, who is wanted in Brooklyn for stabbing his wife."

Barry ran into the street and held up the suspect. Barry led him inside and the prisoner finally admitted his identity.

He said he lived at 63 Hopkins street, Brooklyn, and he was booked as a fugitive from justice.

Richter, who had separated from his wife and children, returned to his wife's home on Saturday and cut her half a dozen times with a carving knife.

Prominent Divine Dead.

Jones, aged 67 years, one of the oldest active members of the Virginia conference, Methodist Episcopal church, South, died here today, following a stroke of paralysis. At the time of the Hampton Roads engagement between the Virginia and Monitor, Mr. Jones was on the Virginia, and was in one of the last two boats that left the Virginia when she was subsequently blown up by her own men off Craney Island.

CAPT. BROWNE, ONE OF FORREST'S MEN

MUSTERED INTO RANKS OF THOSE BEYOND THE VAL.

Adjutant General Under Great Cavalry Leader During Civil War.

WELL KNOWN UPON THE RIVER

Captain James Madison Browne, a Confederate veteran, died at Riverside hospital, where he had been ill for several months, at 11:45 o'clock last night. Death was the result of paralysis, with which he was stricken November 17, 1909.

Captain Browne was born in Calloway county, near Wadesboro, May 23, 1838, and was a son of William Browne. He received a good education and was a well read man, reading being one of his favorite pastimes. He came to Paducah to live when 19 years old and remained several years, going from here to the west, where he was employed in the mail service from St. Louis to Texas. He returned once more to Paducah several years later and engaged in commercial business. Captain Browne was in charge of a small towboat line up the Tennessee river when the war broke out and he enlisted in H. Clay King's company from this city.

Valiant service won him adjutant generalship in General Forrest's command. He fought bravely and came out of the war unscathed. He returned here once more and engaged in the insurance business. He also was a contributor to newspapers besides his career in steamboating. For ten years he was a member of the staff of the old News. He was a staunch Democrat. Captain Browne was fond of fishing and hunting and spent much of his time prior to his illness fishing and camping. Just before he was stricken with paralysis he was contemplating a hunting trip to the Ozarks.

He was a member of the James T. Walbert camp of Confederate veterans, but was not affiliated with any church or lodge. He was kind, genial and consistent, and leaves a wide friendship throughout the city and his old home.

In 1868 he was married to Miss Henrietta L. Pell at Brookport, Ky. Mrs. Browne died April 19, 1907, at the family home, 1035 Madison street. Surviving Captain Browne are two sons: George T. Browne, of the city, and E. M. Browne, of Joplin, Mo. Miss Mabel Browne, of California, is a daughter. He leaves two brothers: William, of Calloway county, and Edward, of Ft. Worth, Tex. His sisters are: Mrs. Mattie Graham, of Calloway, and Mrs. Sallie Cullum, of St. Louis. Hugg Browne, of Port Tenn., George Browne, of Fort Worth, Tex., and Simon Browne, of Calloway, are half-brothers of Captain Browne. His step-sisters are: Mrs. James Hayes, of Murray, and Mrs. Jennie Irlan, of Hardin, Ky.

He also leaves a step-mother, Mrs. M. E. Browne, of Wadesboro. Definite arrangements for the funeral have not been made, owing to the failure to communicate with Ernest M. Browne, a son, who is traveling in Missouri. He will doubtless be located by tomorrow. The funeral probably will be held tomorrow afternoon and burial will be in Oak Grove. The body is lying at Nance & Rogers' funeral chapel, where the funeral may be held. The Rev. M. E. Dodd, pastor of the First Baptist church, will officiate.

Captain Browne leaves a married daughter, formerly Miss Mabel Brown, living in California. The pallbearers have not been selected.

Soldier Killed at Target Practice.

Monterey, Cal., May 31.—His body an unseen target for the rain of bullets of a firing squad at rifle practice, Claude Hetherton, a private of Company K, thirteenth infantry, stationed at the Presidio, who was taking measurements of the range, was literally shot to pieces and died after lingering in the reservation hospital for two days.

The accident occurred last week, but the facts have just come to light. An investigation of the affair delayed the funeral until yesterday.

All during the afternoon of the day he was shot, Hetherton crouched about on the embankment, peeped with lead while bullets whizzed about him. His cries could not be heard.

After the first bullet had brought him down, he made an effort to drag himself out of range, but no matter which way he turned his escape was cut off by the flying missiles.

Finally he sank on the sand mound awaiting the shot that would end his torture. Bullets sped about him, ripping his clothing and tearing his flesh. When markers found him his head had been shot nearly off. Hetherton was married.

ALMA KELLNER

(Continued From Page One.)

before her disappearance. Other means of identification at this time seem impossible because of the lack of clothing found with the body and its horrible mutilation and decomposition.

After working for five hours over the fragments of the body, Coroner Ellis Duncan said that the top and part of the left side of the skull and part of the right leg and foot were missing entirely. All the ribs on the left side were broken, he said.

"It appears that the body was partially burned," said Coroner Duncan, "and I believe quicklime was used to aid in destroying the body, but further examination alone will develop those facts."

Father Schumann said he could remember nothing suspicious in Wendell's actions after the disappearance of Alma Kellner. He would not commit himself on Wendell's guilt or innocence.

Wendell Disappears.

"Wendell left the employ of the church without saying he was going to quit, and said nothing to his wife I thought at the time that possibly the fact that his wife was much older than he caused him to leave. He often talked of returning to his old home in France, but his wife wrote his parents and they have heard nothing of him."

Although the police were supposed to have searched the premises about St. John's church, the church school and other parish buildings, it was admitted that no search was made of the place where the body was found.

Wendell is described by the detectives as being 27 years of age, about 5 feet 10 inches in height,

weight about 160 pounds, a small, black mustache and dark hair and eyes. Mrs. Wendell is 42.

Wendell's parents live at Genlis, Cote d'Or, France.

According to the wife's statement to Captain Catey, Wendell was a deserter from the French army. Father Schumann said he had learned since Wendell's disappearance that he had left several positions without notice.

The detectives are working on the theory that the girl was murdered in the vicinity of the school and after attempts had been made to burn the body, it was surreptitiously buried in the sub-cellar and quicklime used to disintegrate the flesh. Every bone in the child's body was broken and the skull was crushed and charred, showing that the attempt to burn the body, if such was made, had been interrupted or the perpetrator of the crime had changed his mind regarding its disposition.

Alma Kellner Disappears.

Alma Kellner left her home, at 507 East Broadway, at about 9:45 o'clock on the morning of Wednesday, December 8.

The little girl attended the Academy of the Sisters of Mercy, at 1162 East Broadway, but it was a holiday and she was going to attend mass at St. John's church, Clay and Walnut streets.

Her mother and aunt stood at the door of the home and watched her as she walked up Broadway. She waved her hand to them.

Mr. W. B. C. Yount, the druggist at Hancock and Broadway, saw the little girl pass the store and turn in Hancock street.

When Last Seen.

William Augustus, the postman on that route, saw the child on Hancock street, near Gray, at about 9:50 o'clock. He nodded to her and noticed the red cap she wore. That was the last seen of her.

When the little girl did not return to dinner her mother became uneasy, but thought the child had gone to dinner with some friends. Late in the afternoon she grew alarmed and telephoned her husband, Fred Kellner, Jr., a solicitor for the Frank Fehr brewery, that Alma had not been home since she started to church in the morning.

Mr. Kellner at once began a search and was assisted by friends. It was discovered that the little girl had not been seen at church and that mass was celebrated at a different hour from what she thought. Although some children have said they saw Alma at church, it is not believed she was there, though this point has not been clearly established. The last positive information of her was when the postman saw her at Hancock and Gray.

At 7:30 o'clock Wednesday night Mr. Kellner notified the police that the child was missing. After 12 first investigation a general notice was sent to the police and detectives and before morning the entire department was engaged in the case.

The First Search.

It was learned that Mrs. Fred Kellner, Sr., the second wife of Fred Kellner, Sr., the child's grandfather, and thus the stepmother of Fred Kellner, Jr., had been sought by a velle woman who called at her home, 310 East Broadway, at 11 o'clock on the day Alma disappeared. The woman saw Miss Anna Kellner, as the older Mrs. Kellner was taking a nap. She refused to tell Miss Anna Kellner her business, saying it was with Mrs. Kellner and was important. Nothing has been heard of this woman since, and who she was is not known.

TERRIFIC STORM SWEEPS COAST OF EAST AFRICA

Luton, May 31.—Dispatches here tell of a terrific cyclone which swept Mozambique and the east coast of Africa, yesterday, killing hundreds and destroying practically the entire coast. The storm was the worst known on the African coast. A steamer was overturned with 400 aboard. Details received are meagre, but all reports agree that it is the worst storm ever experienced. All on the steamer overturned in the harbor were drowned. A number of smaller craft were swamped with a loss of life. Nearly every house on three islands in the harbor was demolished.

IN SOCIAL CIRCLES

Beautiful Honor Event.

Most artistic in all of its appointments in Mrs. C. H. Blaney's informal afternoon to Miss Kathleen Whitefield, a popular bride-elect, at 2:30 o'clock at the Terrell apartments.

The pink and white color motif is effectively carried out in all of the details. In the living room the green tones of the furnishings make a charming background for the pink hydrangeas and pink and white carnations that are used in the decoration.

In the dining-room the table is a symphony in pink and white. The lace centerpiece and lace mats are over pink. A basket tied with pink tulle and filled with pink and white carnations, is effectively arranged on a reflector surrounded by a mass of pink and white sweet peas. The table is lighted by pink candles, pink shaded. The delicious salad and ice courses emphasize the pink and white motif. In the tea and cake the cupid and heart idea is appropriately brought out.

Two clever centers are features of the afternoon's pleasure, a Shakespearean romance and a flower contest. Miniature flower pots of pink and white sweet peas, daintily tied up in pink and white ribbon are souvenirs of the contest. Miss Whitefield was presented with a pretty guest of honor souvenir.

Mrs. Blaney's guests are limited to members of the Thimble club, the Sewing Bee and their out-of-town visitors and include: Miss Kathleen Whitefield, Miss Blanche Hill, Miss Lincoln, of Lapeer, Mich.; Miss Hildart, of Carthage, Mo.; Miss Martha Carroll, of Nashville; Miss Alice Carroll, of Nashville; Mrs. Vincent Salvo, Mrs. Hubbard Wells, Mrs. H. R. Sowell, Mrs. James Utterback, Mrs. Harry McElwain.

Brilliant Elizabethton Wedding and Honor Events.

The wedding of Miss Elizabeth Payne Grimes and Mr. Edward Spring Crume, which takes place at the Presbyterian church next Thursday evening, in Elizabethtown, is of unusual interest, especially so here, where Miss Grimes has been an attractive visitor and will have a Paducah girl for one of her maids. The following is from the Elizabethtown News:

"The bridesmaids, who form a bevy of most attractive girls, are to be: Misses Ella Slack and Louise Mitchell, of Owensboro; Martha Wallace Jones, Kansas City, Mo.; Catherine Quigley, of Paducah; Mary Belle Hobson, of Frankfort; and Emily Payne, of this city. Miss Mary Rose Finn is to be the maid of honor.

"Mr. Crume's best man will be Mr. Philip Montgomery, of Pineville, Ky., and following are the groomsmen: Mr. Oscar Fryrear, Mr. Robert J. Mober and Mr. Charles H. Mooman, of Louisville; Mr. George Smith, of Glendale; Mr. Damon Cooper and Mr. Owen Fryrear, of this city.

"Misses Mildred, Ellen Montgomery, of this city, and Emily Marriott, of Nicholasville, Ky., will be bridesmaids.

"The ceremony will be performed by the Rev. L. O. Spencer, and Mrs. Joseph T. Cressup will provide at the organ.
"After the wedding Mrs. J. S. Grimes, the mother of the bride, will give a handsome reception at the home of her parents, Col. and Mrs. James B. Payne. A large number of guests have been invited and the beautiful Payne home, which has been the scene of so many enjoyable social functions will present a spectacle of dazzling brilliancy.
"Quite a number of entertainments are to be given this week in honor of the bride-elect.
"Mrs. A. L. Cox will entertain this afternoon at her pretty country home, 'The Willows,' with a garden party.
"Miss Emily Helm will give a luncheon-bridge Monday at Heim place.
"Mrs. Robert L. Nall will entertain the bridal party Wednesday evening in honor of her charming guest, Miss Nora Belle Rosser, of Atlanta, Ga., and Miss Grimes."

Plenit in Honor of Visitors.
An enjoyable plenit was given complimentary to the charming visitors of Mrs. W. H. Poor and Mrs. W. J. Lewis on the Henton road. The party went out in wagons and carried their dinner. A lunch was spread also before returning at 6 p. m. Those comprising the party were: Miss Grace Fox, of Bowling Green, Ky.; Miss Myrtle McFadden, of Paris, Tenn.; Miss Cassie Weeks, of Jackson, Tenn.; Miss Beale Lou Watts, Miss Hattie Ross, Miss Kittle Anderson, Miss Dallas Conveys, Miss Maybelle White, Miss Mabel Epperheimer, Messrs. Robert Robertson, Athol Robertson, Aubrey Mitchell, John Gourleux, Mack Brogan, Will Adams, Allison Watts, Pat Lynch, Masters Glenn Poore, Lloyd Mitchell. Mr. and Mrs. W. H. Poor, Mrs. W. J. Lewis and Mrs. Clay Mitchell chaperoned the party.

Entertains Club.

A WIDOW'S SUFFERINGS

Mrs. L. H. Lowe Writes of Her Sufferings and Tells How She Finally Obtained Relief.

Tabor, Okla.—"I am a widow, with five small children to care for," writes Mrs. L. H. Lowe, of this place, "and I was taken down so bad that for three whole months I was unable to get out of my bed. Life was hardly worth living. I felt like my back would come to pieces.

Nothing I tried did me any good, until I took Cardul. I began to feel a change right away, and was soon doing my work every day. Words can't praise your medicine too highly. It has saved my life."

Dark despair often assails women who suffer continually from the diseases that affect their sex. After trying doctors and medicines in vain, they feel like giving up.

Better try Cardul, for it has relieved and cured thousands, when all else had failed. Cardul is a perfectly harmless, gentle remedy, with no dangerous after-effects whatever, therefore good for young and old.

As a woman's tonic, there is nothing in the drug store like it.

As a medicinal remedy, for women's ills, it has no equal.

Try it.

Miss Phillips and Mr. Petter to Marry June 10.

Invitations were issued today by Mr. and Mrs. Sherman Phillips announcing the approaching marriage of their daughter, Miss Clara L. Phillips to Mr. Frank M. Petter, Jr. The wedding will take place at 9 o'clock on the evening of June 10. It will be a quiet home wedding with only the relatives and intimate friends present.

Miss Phillips is the only daughter of Mr. and Mrs. Sherman Phillips, 231 South Third street, and is a young woman whose charming personality has won her a host of friends. Mr. Petter is the second son of Mr. and Mrs. Frank Petter, 1921 Broad street, and a young man popular in the city. He is associated with his father in business.

Pretty Linen Shower For Bride-Elect.

Mrs. George C. Wallace was the hostess at a pretty appointed linen shower yesterday afternoon, in compliment to Miss Kathleen Whitefield, a bride of the week. It was an informal occasion with a limited number of the friends of Miss Whitefield present.

The Wallace home, on North Ninth street, was most attractive with a profusion of spring flowers. The crimson dahlia roses and vines were used with charming effect in the reception hall and library. The punch table was a bower of red roses. In the dining-room the white and green color tones were prettily carried out. Bride roses and ferns artistically arranged in a gold basket was the beautiful centerpiece for the table. The lace, cake and mints were in white and green.

The basket of linen gifts for the bride-elect was prettily decorated in white and tied with white ribbon. Master Lem Ogilvie and little Miss Helen Pulliam presented it to Miss Whitefield. Many dainty and useful gifts of linen and embroidery were presented.

MAGISTRATES INSPECT CLARK'S RIVER BRIDGE

This afternoon the magistrates are inspecting the concrete bridge over Clark's river. A called session of fiscal court was held this afternoon, and the members adjourned to make the trip to the river for a personal inspection of the bridge. The magistrates will not take any action towards accepting the bridge until the regular meeting, June 7, John T. Oliphant, president, and Albert Mitchell, of the Vincennes Bridge company, contractors for the

bridge, were in the city today for the purpose of attending the inspection of the bridge.

Harvest Hands Needed in Kansas

Topeka, Kan., May 31.—Kansas will need 20,000 harvest hands this year, according to a statement made today by Charles Harris, director of the State Free Employment bureau. This is about 2,000 more than were needed last year. The statement is based on reports received from all over the state. Harvest will not begin, Mr. Harris says, before June 20, and possibly not before June 25.

AUTOISTS SET SOME NEW MARKS

FIFTY THOUSAND PEOPLE ATTENDED RACE.

Three Records By Oldfield—Chevrolet, Dawson, Alken and Harron Other Record Breakers.

TWO ACCIDENTS YESTERDAY

Indianapolis, May 31.—At the Indianapolis Motor Speedway new records were set for the national championships in the stock car classes. Fifty-five thousand people attended.

Oldfield, in a Benz, cut the mile American speed record down from 26 flat to 35.6, and the one kilometer record from 23.7 to 21.45. He made the former records at Los Angeles.

In the 50 mile race, Harron, in a Marmon, led all rivals, and was ahead of the record at 30 and 40 miles and the finish. Time, 42.31. The former record was 44.48, which Harron himself set at Atlanta.

Caleb Hragg, of Cincinnati, amateur, in a Fiat, won two of the ten mile and one of the five mile free-for-all races.

L. Chevrolet, in a Buick, winning the 161 to 230 displacement championship for 10 miles, brought the record down to 9:03 from 4:46, and Dawson, in a Marmon, wrested from Harron a victory in the 321 to 300 class for five miles and put up a new mark at 4:41, seven seconds better than the old time.

Oldfield, in a Knox, won both the five and ten mile championships in the 451 to 600 class, which included the highest power cars recognized under the stock car racing rules. He cut down the record for five miles from 4:03 to 4:01.

In the ten mile race for the 301 to 450 class, Alken, in a National, pulled down the time from 8:08 to 7:52.

There were only two accidents. Harron's Marmon "Wasp" burst a tire and hurled itself on the cement wall that guards the upper margin of the track. Sliding along the top of the wall the car tore a furrow in the cement for 50 feet and then toppled over, flinging Harron from his seat. He was unhurt, but the "Wasp" was a snarl of steel.

In the five mile free-for-all Kirschner's Darracq led one of the front fliers. The driver held the car true to the track and stopped it safely in the sand.

EVENING SUN'S DAILY MARKET

LOCAL PRODUCE.

(Corrected daily by Woolfolk, Bowers & Company.)
Hens (pound)11 cents
Butter (packing stock)15 cents
Eggs (dozen)15 cents

Louisville, May 31.—The receipts of sheep and lambs were 2,459 head, as against 751 last Tuesday, 14,837 a year ago and 6,659 two years ago. While the receipts show some increase as compared with last week, they are still far below normal, not near enough good lambs coming to supply the trade. The spring lamb trade ruled fairly active and about steady, the best lambs going at 8½¢ and seconds from 6½¢ to 7½¢. Fall lambs sold at 6¢ and the best fat sheep at 4½¢ down. Common thin sheep and trashy cull lambs are slow sale; in fact, are not wanted.

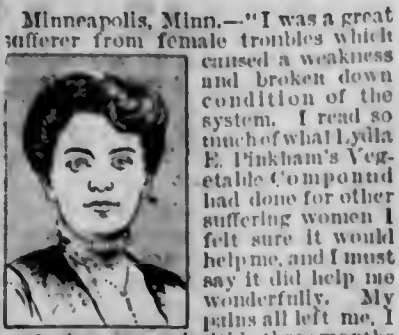

Hogs.
The receipts of hogs were 1,647, as against 2,715 last Monday, 2,421 a year ago and 2,898 two years ago. The market was slow in opening but prices were generally steady. Bulk of the good hogs, heavy, medium, light shippers and heavy pigs, 20 pounds and up, selling at \$9.45; light pigs, \$8.45; roughs, \$8.70 down. The pens were well cleared and the market closed steady.

Cattle.
The receipts of cattle were 1,816 head (of which about 500 or 600 were forwarded in first hands), as against 1,394 last Monday, 1,868 a year ago and 1,620 two years ago. On account of being a pretty generally observed holiday, there were hardly as many buyers here as usual, and with few exceptions the market ruled slow. The few heavy-weight butchers cattle of choice quality here changed hands more readily than any other class, but the medium and inferior kinds, as well as heavy butcher steers, were neglected. Prices were about like the close of the week or 10¢ to 15¢ lower than Monday on the heavyweights and 15¢ to 25¢ lower on others. The feeder and stocker market was quiet and but little changed. Fair call for the best, others slow. No prime export cattle here. Feeling about steady. There was a big string of slop steers here; in fact the bulk of the receipts were sloppers weighing from 800 to 1,100 pounds, and they were slow sale, 10¢ to 25¢ under last Monday. Pens only fairly well cleared and the market closed slow.

WANTS HER LETTER PUBLISHED

For Benefit of Women who Suffer from Female Ills

Minneapolis, Minn.—"I was a great sufferer from female troubles which caused a weakness and broken down condition of the system. I read so much of what Lydia E. Pinkham's Vegetable Compound had done for other suffering women I felt sure it would help me, and I must say it did help me wonderfully. My pains all left me, I grew stronger, and within three months I was a perfectly well woman."

"I want this letter made public to show the benefit women may derive from Lydia E. Pinkham's Vegetable Compound."—Mrs. JOHN H. MORGAN, 215 Second St., North, Minneapolis, Minn.

Thousands of unrelieved and genuine testimonials like the above prove the edicency of Lydia E. Pinkham's Vegetable Compound, which is made exclusively from roots and herbs.

Women who suffer from these distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

If you want special advice write to Mrs. Pinkham, at Lynn, Mass. She will treat your letter and strictly confidential. For 20 years she has been helping sick women in this way, free of charge. Don't hesitate—write at once.

and higher. Bulk of the best, 7½¢; medium, 5½¢ to 7½¢; common, 2½¢ to 5¢.

RELIGIOUS CENSUS

SHOWING NUMBER OF COMMUNICANTS.

Where Various Bodies Find Their Chief Strength in Cities and Country.

Washington, D. C., May 31.—(Special.)—The aggregate number of 32,326,445 communicants or members of all religious denominations in continental United States was reported for 1906, according to the U. S. census of religious bodies for the same year, as detailed in part one of the United States census bureau's special report on the subject, now in press. Of this grand total the various Protestant bodies reported 26,287,742 and the Roman Catholic church 12,679,142.

For purposes of comparison the census authorities divided the principal cities into four classes, those having in 1900 a population of 250,000 and over, constituting the first class; those of from 100,000 to 250,000 forming the second; those of from 50,000 to 100,000 making the third, and those of from 25,000 to 50,000 forming the fourth class.

Of the Protestant aggregate there were 1,478,145 or 7.3 per cent in the first class cities; 4.7 per cent in the second, and 7.4 per cent in the third and fourth classes combined, while 80.6 per cent were outside the principal cities.

Of the Roman Catholic church's total membership there were 3,375,453 or 27.9 per cent in first class cities; 1,361,132 or 11.3 per cent in the second; 1,570,944 or 13 per cent in the third and fourth classes combined; with 5,771,413 or 17.8 per cent outside the principal cities.

It is seen, therefore, that the number of members of the Roman Catholic church reported in cities of the first class was considerably more than double the number reported by all the Protestant bodies, while outside the principal cities the number reported by the Catholics was only a little over one-third of the number credited to the Protestants. It is pointed out in the report that the strength of the Protestant bodies as compared with the Roman Catholic church, is greatly understated.

Only two of the Protestant bodies reported a majority of their membership in the principal cities, I. e., the Church of Christ, Scientist, 82.6 per cent, and the Protestant Episcopal church 51.2 per cent; while of the membership of the Jewish congregations, 88.7 per cent are in the principal cities and of the Eastern Orthodox churches 70.7 per cent.

MAN AND GUN CREATED SERIOUS DISTURBANCE.

Parrot Charged With Recklessness; Litter Discharged With Recklessness.

For shooting a pistol recklessly within the city limits yesterday afternoon John Smith, 60 years old, was fined \$10 in police court this morning. Smith was seated on a bench on Jarrett street in Mechanicsburg and is said to have fired several times, frightening pedestrians and clearing the street. Patrolman Mike Dugan was called, but when he arrived Councilman Robert Wilson had taken the pistol. Smith was said to be full of cocaine and booze and four bottles of "dope" were taken from him in addition to a pocket full of cartridges.

Luby Washington, colored, who was arrested for gambling, decided to "turn up" every crap shooter he had known the last few months and gave their names to the police yesterday. Lard Cartwright, Jim and Sam Harkey and Luby were each fined \$20 this morning for gambling. Wesley, alias "Emp" Pemberton, and Sherman Hudson were dismissed. The crap game took place three weeks ago, back of the Katterjune brewery.

March of ordinance 421 Bishop fined \$5; Harvey Williams, fined \$10; Claud Cronson, fined \$5 and judgement suspended.

March of peace—P. J. Jackson, fined \$20 on motion of the prosecuting attorney.

Boating—Tom Roll, alias Tom Wheeler, fined \$20.

"OH! HO-HUM-SLEPT FINE"

"I WASN'T UP ONCE"

What a joy it is to wake up after a good, full night's sleep, feeling refreshed, rested, clear-headed and ready for the duties of the day. There are no nervous, no drunken, no foggy feelings, no headaches, no headache for those. Sleep is nature's sweetest gift—Why not enjoy it? Weak kidneys and bladder necessitate getting up at a dozen times during the night, and cause you to get up in the morning with backache, feeling dull, headachy, tired. Think what it would mean to be free from these robbers of your life's pleasures, of your health. Would it not be worth many times fifty cents? Would you not pay a good deal for full, bounding health? Of course. Then why suffer? If you begin today and take a few doses of Barkley's Kidney Pills, you will begin to enjoy good, sound, restful sleep, preserving your vitality as is caused by weak kidneys and bladder or other troubles.

You are taking no risks, running no chances when you spend fifty cents for a box of Barkley's Kidney Pills. You are simply buying a new pair of strong, healthy kidneys, a new, healthy bladder, and with these vital organs working properly, you will get good, sound, restful sleep from now on. You will get up in the morning feeling refreshed and rested, bright-eyed, clear-headed, clear-headed, light-hearted and happy.

When you pay a druggist fifty cents for a box of Barkley's Kidney Pills you are buying health, buying happiness and buying freedom from the danger of kidney disease and diabetes, which are incurable.

The first few doses will show you results.

Store, druggist or at Chicago, 1000 North Dearborn, and Broadway, 200 a box, or send fifty cents in the old Post Office Note, Fort Wayne, Ind. Every moment of delay just means that much longer to suffer. Why not start right now, right this minute, to get well?

A Storekeeper Says:

"A lady came into my store lately and said: 'I have been using a New Perfection Oil Cook-Stove all winter in my apartment. I want one now for my summer home. I think these oil stoves are wonderful. If only women knew what a comfort they are, they would all have one. I spoke about my stove to a lot of my friends, and they were astonished. They thought that there was smell and smoke from an oil stove, and that it heated a room just like any other stove. I told them of my experience, and one after another they got one, and now, not one of them would give hers up for five times its cost.'"

The lady who said this had thought an oil stove was all right for quickly heating milk for a baby, or boiling a kettle of water, or to make coffee quickly in the morning, but she never dreamed of using it for difficult or heavy cooking. Now—she knows.

Do you really appreciate what a New Perfection Oil Cook-Stove means to you? No more coal to carry, no more coming to the dinner table soiled out that you can't eat, but lights a perfect blue flame and immediately the heat from an intense blue flame shoots up to the bottom of pot, kettle or oven. But the room isn't heated. There is no smoke, no smell, no outside heat, no drudgery in the kitchen where one of these stoves is used.

Cautionary Note: Be sure you get this stove, see that the name plate reads "New Perfection."

THEIR PORTIONGIVEN BULLS GREAT AND SMALL
IN CHICAGO PIT.Bottom Falls Out of the Wheat Mar-
ket—Patten and Waterman
Heaviest Losers.

HEADJUSTMENT LOOKED FOR.

Chicago May 31.—Bulls, great
and small, in the Chicago grain mar-
ket were given a severe drubbing last
week. James A. Patten, who had a
big holding of September wheat, and
T. H. Waterman, the Albany, N. Y.,
miller, chief holder of the May op-
tion, were the big losers when the
bottom fell out of the wheat market.
Patten, it is believed, lost between
\$1,000,000 and \$1,500,000. The
Waterman losses were considerable,
but will not be accurately known
until the "corpses" of the big deal,
about 4,000,000 bushels of cash
wheat, have been merchandised to
the milling trade. The losses, how-
ever, are hedged to some extent by
sales of July delivery.The wheat market had been a
weak, saggy affair early in the week,
but the crash did not come until the
opening of Thursday's session. No-
tice of the collapse of the May deal
reached the trade before the opening
in the shape of an announcement
that over 600,000 bushels of No. 1
northern wheat, en route by lake
from Duluth to Chicago, had been
diverted to Buffalo. This was proof
that A. J. Lichstein, the big short in
the May delivery, had reached a basis
on settlement with Waterman and
the trade was very well aware that it
had been reached on practically Lich-
stein's own terms. Proof that the
big short was Lichstein instead of
Armour was made plain also by the
diversion of wheat to Buffalo instead
of to Chicago warehouses.Looked Like Settlement.
There was every indication, how-
ever, that some basis of settlement,
possibly with the Armour Grain com-
pany, was reached by Waterman to
provide for the big holding of cash
wheat. In all probability this big
holding has been hedged for July de-
livery, the Armour concern the July.
This would leave Waterman where
he could merchandise the cash wheat
from time to time as market oppor-
tunity afforded, and he could then
cover his short July wheat as fast as
the cash wheat was sold. The entire
Waterman holding in this market,
and including the 600,000 bushels
diverted to Buffalo, aggregate about
4,000,000 bushels. June is usually
a poor month for merchandising cash
wheat, but old northern wheat will
be wanted by mills for sixty to ninety
days yet. It is safe to assume that
in this time the milling trade will
have largely worked out of its re-
cent unfavorable position.The collapse of the May deal
through private settlement effected
with the big shorts was promptly
followed by the unloading of as
much as was possible of the big Pat-
ten holding of September wheat.
With the May backbone gone the
market was reduced to a supply and
demand basis, which was notori-
ously inadequate at current prices. The
owners of September wheat had their
own troubles without attempting to
pick up and sustain the load of cash

FRESH AT NIGHT

If One Uses the Right Kind of
Food.If by proper selection of food one
can feel strong and fresh at the end
of a day's work, it is worth while
to know the kind of food that will
produce this result.A school teacher out in Kansas,
says in this connection:
"I commenced the use of Grape-
Nuts food five months ago. At that
time my health was so poor that I
thought I would have to give up my
work altogether. I was rapidly los-
ing in weight, had little appetite,
was nervous and sleepless, and ex-
perienced almost constantly, a feel-
ing of exhaustion."
"I tried various remedies with-
out good results; then I determined
to give particular attention to my
food, and have learned something of
the properties of Grape-Nuts for re-
building the brain and nerves."
"I commenced using Grape-Nuts
and have since made a constant and
rapid improvement in health. In
spite of the fact that all this time
I have been engaged in the most
strenuous and exacting work."
"I have gained twelve pounds in
weight and have a good appetite, my
nerves are steady and I sleep sound.
I have such strength and reserve
force that I feel almost as strong
and fresh at the close of a day's
work at the beginning.""Before using Grape-Nuts I was
troubled much with weak eyes but
as my vitality increased the eyes be-
came stronger."
"I never heard of food as nutri-
tious and economical as Grape-
Nuts."

OLD SORESEvery old sore is an infected spot on the flesh, kept
open by constant drainage of impure blood into the place.
One of the principal constituents of blood is plasma,
a healing property. Where the circulation is pure this
element of the blood, which is of a glutinous or sticky
nature, performs the necessary work in healing all sores,
wounds and lacerations. It does this by sticking or
joining the parts together, while nature causes a knitting
of the tissues and solidifies the place.This healing property is frequently destroyed by
impure accumulations in the blood, and this vital fluid
not only loses its power to heal, but becomes a source of
irritation and disease to any open sore or ulcer on the
body. Constantly it discharges its morbid matters into
the place, and gradually it causes the infection to
spread, and the sore enlarges. The morbid matter in the blood comes
from different causes. A long spell of debilitating sickness, which breeds
disease germs in the system, the retention of the refuse matters of the body
because of a sluggish condition of the
eliminating members, a continued
malarial state of the system, inherited
blood, etc., are usually responsible.S. S. S. heals sores and ulcers in
the very simplest way. It just goes
into the circulation, and removes the
impurities and polluted matter that are
the means of keeping the ulcer open;
then the sore is bound to heal. S. S. S. is
the greatest of all blood purifiers, and
not only does it cleanse the circulation,
but it aids every necessary property to
it to promote good health. It is of the
very greatest tonic value, and those who
have been weakened and run down by
the constitutional drainage of an old
sore will find it the very remedy needed.S. S. S. does not simply cause a scab to come over an old sore, but beginning at
the bottom it heals the place permanently by building new tissue and filling in
the place with firm, healthy flesh. Special Book on Sores and Ulcers and
any medical advice free. THE SWIFT SPECIFIC CO., ATLANTA, GA.wheat that would have been neces-
sary to keep control of the market.Patten Sales.
Despite the confusion incident to
the enormous business that was done
in the pit the trade could easily
trade 10,000,000 bushels, with the
possibility of 15,000,000 bushels of
September and July wheat that it be-
lieved had been sold by the Patten
forces. Whether the entire line has
been unloaded or not is still a mat-
ter of doubt. Some believed that
there still is at least 10,000,000 bush-
els more to liquidate, while others
believe that the firm has been quietly
unloading through other sources
for several days. Those who know
the Patten best, however, do not be-
lieve this, as it carried with it a di-
rect implication of insincerity. The
firm's letters to its customers con-
veyed the advice, direct or implied,
to buy September wheat. One letter
concluded with: "We believe that
the wheat market is in shape to rally
sharply. Liquidation has been
very thorough. We in no way change
our opinion about the long side of
September wheat." Another letter
concluded with: "The continued de-
pression in the foreign markets, good
weather at home and persistence in
short selling brought about the liq-
uidation which caused the severe
break in prices."The buying of September wheat
by Patten was started last February.
About that time the Pattens an-
nounced their intention to retire
from active business July 1. This
campaign was based on the theory
that there had been extensive crop
damage in Kansas, and that, whether
the damage was real or not, the pub-
lic could be enthused up to the point
of taking the wheat off the hands of
the big speculators after the damage
claims had been widely exploited.Necessary to Buy.
After loading up with comfortable
quantities of wheat it was found
necessary to buy more to prevent the
market from taking the same course
that it was taking in all the other
wheat producing or consuming coun-
tries. This, in fact, had been about
the sole history of the campaign.
Prices were at one time bid up to
\$1.08 1/2 for July and to \$1.07 1/2 for
September, but only the big leaders
paid these prices, while conservative
grain men and speculators the coun-
try over sold.Finally the differences between
American and foreign markets be-
came so much out of line that for-
eigners began selling here, their own
markets being steadily driven down
by the pressure of wheat from Aus-
tralia, India, Canada and other
usual export competitors of the
United States.Overshadowed All.
The collapse of the May deal and
the dumping of September wheat by
Patten overshadowed all else in the
speculative grain world. American
grain markets in general took a head
or towards the world's basis of val-
ues, of which they have been obli-
vious during extensive declines made
abroad in the last few months. Amer-
ican prices are still far above the
European level, but, with manipula-
tion out of the way and the trade
running in its natural channels, it
is reasonable to assume that there
will be a rapid readjustment to a
legitimate merchandising basis. Such
basis will speedily be determined by
speculators, who, because of the con-
centration of holdings here, were
afraid to buy in European or Cana-
dian markets against sales at the un-
natural high level in America.Ordinary crop and market influ-
ences were ignored in the overshadow-
ing influence of the liquidation of a
big line of September wheat. The
weather was warming up and was
fine and seasonable in all directions.All the outside American and Cana-
dian markets followed Chicago, the
southwest being particularly weak
because of the approaching harvest.
Kansas City reported large receipts
of old wheat from the laterals, some-
thing decidedly unusual at this time

SKIN SUFFERERS'

DOUBT IS REMOVED.

Many eczema sufferers have failed to attend with enures and other "diaper" that even the assurance of the best physician or druggist cannot induce them to invest another dollar in any remedy.

It is to these discouraged sufferers in particular that we now offer, at only 25 cents, a trial bottle of the accepted standard eczema remedy, a simple wash of oil of white-gelatin, thymol and glycerine, as compounded by D. D. D. Prescription.

Hundreds of cures have convinced us and we know you can prove instantly with the first application that it takes away the itch at once. R. W. Walker Co., Fifth and Broadway.

Returns From Long Walk.

Mr. Fain King, a student of the High School, returned last night from Cairo, where he visited friends Sunday and Monday. With Nello Mitchell and Clarence Yarbrough he walked to Cairo Saturday. They left Paducah at 5 o'clock Saturday morning, and reached Cairo at 3 o'clock. The last eight miles were made in quicker time than at the start of the journey. The boys are proud of their record.

WILL TAKE ACTIVE CHARGE HERE TOMORROW.

Joe Walker Goes to Brookport to Complete an Inspection of Bridge.

Master Mechanic Joe F. Walker will take active charge of the local Illinois Central shops tomorrow. His appointment was announced some time ago. Mr. Walker arrived in Paducah last night with F. G. Colwell, who will succeed him in East St. Louis as master mechanic, but they left this morning for Brookport to complete the inspection of the St. Louis division. Mr. Walker will return to Paducah tonight. Mr. A. J. McKillop, assistant superintendent of machinery arrived in Paducah this morning for an inspection of the local shops.

Mr. J. B. Thomas, chief dispatcher was in the city this morning en route to Princeton from St. Louis.

Needle Removed.

Piece of a needle was removed from the left foot of C. L. Truempy, of Princeton this morning by the surgeons at the Illinois Central railroad hospital. The small piece of steel was located yesterday by the use of the X-ray. About ten days ago Truempy, who is employed in the timekeeping department of the Illinois Central railroad, at Princeton, was retiring. As he stepped to his bed the needle pierced his foot and broke off. The piece of needle in the foot was one-fourth of an inch in length.

ECZEMA—A GERM DISEASE CAN NOW BE CURED.

The medical profession is all agreed that ECZEMA is a germ disease, but the thing that has baffled them is to find some remedy that will get to the germs and destroy them.

Zemo, the clean, external treatment, has solved this difficulty by drawing the germs to the surface of the skin and destroying the germ life that causes the disease. The whole method of treatment and cure by ZEMO is explained in an interesting book on the subject issued by the makers of ZEMO. It tells how to cure yourself at home of Eczema, Blackheads, Pimples, Dandruff, and all diseases of the skin and scalp. Call at Gilbert's drug store for booklet and learn more about this clean, simple remedy that is now recognized the standard treatment for all diseases of the skin and scalp.

THIEF CHASE OVER FENCES.

Police Think They Have Two Members of the Porky Row Gang.

New York, May 31.—Dominick Blansky, a clerk in the Grand Central station, was attacked by four men while on his way to his home at 249 East Forty-seventh street, at 6 o'clock yesterday morning. It was at Second avenue and Forty-third street, where the Porky Row gang has been active for the last month holding up passersby and exacting tribute.

The men punched Blansky and one of them tried to jam a market basket over his head while another was searching his pockets. They fled into a house when they saw Policeman Smith approaching. From the roof of the building Blansky saw them climbing fences in the rear and going toward First avenue.

Ruth got two other policemen and they and the four men had a hide and seek game for an hour.

Finally the policemen arrested two men on First avenue. One of them, James Connelly, of 3945 Third avenue, appeared to be intoxicated, so he was left in the station until today. The other, John Kenderigan, of 548 Second avenue, was taken to the Yorkville police court and held for examination today.

DISAPPOINTED BURGLARS STEW ROOM WITH PAPERS.

Smashing one of the side windows, burglars effected entrance to the office of the Kentucky Iron & Steel company, Ninth and Harrison streets, sometime last night and stole several dollars in small change from the desk drawer. Messrs. S. I. and Julius Tick, the proprietors, left no money in the safe, and when the safe door, which was unlocked, responded to the burglar's touch, they prized open the cash drawer only to be disappointed. Papers from the safe were strewn about the office this morning when Messrs. Tick arrived. The police are working on a clue.

Plan French Reforms.

Paris, May 31.—The principal points of the government's program for the approaching parliamentary session are the establishment of departments which will replace the present arrondissements as the basis of elections to the chamber of deputies, with a provision of minority representation measures for the defense of the public school system and the surveillance of private and Catholic schools and certain socialist reforms. The reforms contemplated include legislation making possible contracts drawn between an employer and the workmen collectively.

MOTHERS NEED

OLIVE TABLETS.

Nursing mothers need the gentle laxative qualities of Dr. Edwards' Olive Tablets.

These pleasant little sugar-coated tablets were brought to the perfection point after fifteen years of experiment with all sorts of laxatives. To Mr. F. M. Edwards, of Portsmouth, belongs the honor of this achievement. His wisdom and experience are evident in the results obtained through their use.

They act gently yet firmly. Always effective. The Olive oil in them soothes and heals wonderfully. They never gripe or pain. One has but to try them to use them always after when a laxative is needed. At all druggists in the 10c and 25c packages. Try Dr. Edwards' Olive Tablets tonight. Dick Fowler for Cairo, Ohio for Goleconda, Cowling for Metropolis, Condon for Joppa, T. H. Davis for Joppa, Nashville for Nashville, Hopkins for Evansville, Little Clyde for Joppa, Chancy Lamb for Cairo.

River and Weather.

The gauge at 7 a. m. marked 22.5 feet, indicating a stand since yesterday morning. Weather clear and business good.

Notes and Personals.

The T. H. Davis came up from Joppa at 8 o'clock last night and returned at 5 o'clock this morning with ties.

E. H. Howell has resigned his position as chief clerk on the John S. Hopkins and has been succeeded by John H. Hume, formerly chief clerk of the Joe Fowler, and who held the position of second clerk on the Hopkins since the change in the management of the line. Mr. Howell has accepted a position with the Emerson Amusement company at Evansville.

The Hopkins arrived this afternoon from Nashville, Tenn., with a good trip of merchandise and many passengers. She leaves at 6 p. m. for a return trip.

All the packets yesterday enjoyed a rushing passenger business, as it was Decoration day. The crowds were generally orderly.

The towboat Little Clyde came out of the Cumberland yesterday evening and went to Joppa today to unload her ties.

The Chancy Lamb arrived from Nashville last night with ties and after lying here all night left for Cairo. She is due back.

WE take great pleasure in announcing the arrival of Mr. A. C. Keywan, of New York, with a rare collection of Oriental Rugs and Carpets which will be on exhibition at our Carpet Department for ten days, ending Saturday, June 4th, 1910. You are cordially invited to call and inspect the same.

The Illinois Central transfer boat De Koven is plying between Paducah and Brookport again after being laid up for repairs to her boilers and machinery. Yesterday the railroad resumed the transfer of coaches across the river. This was discontinued several weeks, as there was no transfer boat.

The Condon departed bright and early this morning for Joppa after the last repair touch was given here yesterday. She left at 6.15 o'clock, newly painted and in excellent shape. She was on the ways several weeks and had new boiler sheets installed besides new cylinders. She is in tip-top condition for her business at Joppa.

The Clyde returned last night from Brookport and is lying at the wharfboat receiving freight for her trip up the Tennessee. She departs tomorrow evening at 6 p. m.

The Lowry will be the Evansville boat tomorrow.

The Richardson is due back from

Clarksville tomorrow morning and leaves at noon tomorrow for Nashville.

THE HIGH COST OF LIVING
Increase the price of many necessities without improving the quality. Foley's Honey and Tar maintains its high standard of excellence and its great curative qualities without any increase in cost. It is the best remedy for coughs, colds, croup, whooping cough and all ailments of the throat, chest and lungs. The genuine is in a yellow package. Refuse substitutes.—Gilbert's Drug Store.

PADUCAH EDUCATORS TO ME IN THE PROGRAM.

At the annual meeting of the Kentucky Educational association at Henderson, June 21 and 23, some of the leading educators of the state will participate. Superintendent J. A. Cunniff is on the program for a discussion of the address on "A Layman's View of Our Educational

System and Methods," to be made by Hon. W. T. Ellis, of Owensboro.

Dr. E. George Payne, who is well known in Paducah, will deliver an address on "The Value of Educational Material in the Light of a Right Aim in Education."

WE TAKE ALL THE RISK

HERRICK HIGH GRADE REFRIGERATORS.
Perfect Circulation.

You Should Know What
You Are Getting When
You Buy a

REFRIGERATOR

We do not ask you to buy a refrigerator on our recommendation, as most dealers do. We only ask

that you let us place a HERRICK REFRIGERATOR in your home, and let you decide for yourself whether it is as we represent, BEFORE YOU PAY; in this way you take no risk whatever. Isn't this fair enough to try?

Now, is it not plain to you that if we did not know, positively, that the HERRICK REFRIGERATOR would do just what we represent it to do, we could not afford to make you this proposition?

Put a plate of salt in your refrigerator (salt absorbs moisture you know) if the salt is wet tomorrow the refrigerator is dangerous. In the ordinary zinc lined refrigerator the air does not circulate properly; dampness accumulates and food becomes tainted and infected with putrid germs. Your safety lies in the purchase of a REFRIGERATOR that is guaranteed—THE HERRICK.

The water cooling device in the Herrick Refrigerator cannot be equaled. The water tank, as you will see from the cut, is attached either from the top or side of the refrigerator and is on the outside. The water passes from this tank through a coil on which the ice rests, and is drawn from the faucet at the side of the refrigerator, ice cold. The water does not come in contact with the ice at all, therefore, it is not tainted with ammonia as water usually is when the ice is put in the water.
